OUR PREMIUM TONIC SELECTION

The Markham Indian Tonic 4.5

Premium Indian Tonic Water has its origin in India. The name pays tribute to Sir C. R. Markham, who introduced quinine as a medicine in the Indian colonies in order to prevent malaria. The Markham Premium is made from all-natural ingredients like natural quinine, pure essential oils and spring water. The refreshing and lively taste makes it a perfect combination with gins.

Fentimans Tonic or Fentimans Tonic light 4.5

England

To brew the finest all natural tonic, the Fentimans family sought to enhance the deliberate smoothness of the fermented organic base, with the delicate subtlety of Lemon Grass from the Cochin area of India and the distinctive sharpness of purified cinchona bark (the source of quinine) of the same continent.

Fever Tree Tonic 4.5

England

By blending subtle botanical flavours with spring water and the highest quality quinine from the Fever Tree, they created a delicious, natural tonic with a uniquely clean and refreshing taste and aroma.

Thomas Henry Tonic or Thomas Henry Elderflower 4.5

Germany

Bitter is the new sweet, and with Thomas Henry Tonic Water they bring it to perfection. Its particularly high quinine content and subtle floral citrus aroma are the key of its refreshing taste.

Brilliant clarity, bright and silvery; follows through with a big, peppery, piney-juniper gin bouquet backed by lemon sorbet / verbena. Creamy, semi-sweet entry maintains extraordinary purity and poise through to the mid palate stage where barely discernible peppers mingle in a cascade of citrus oil and juniper. Glides to the finish, concluding fresh, mildly peppery, herbal, piney with hints of liquorice late in the fade. Dangerously drinkable at this high abv, but also marries beautifully with tonic. Great gin.
